Advocacy Action

Take Action: Local Advertising Modernization Legislation

The League's effort to modernize municipal advertising requirements has met some opposition and hesitancy in the General Assembly.

[House Bill 955](#) and [Senate Bill 252](#), introduced by Representative Jason Ortity and Senator John DiSanto respectively, would provide local governments with an optional and larger menu of outlets to publish advertisements, including electronically or in a printed format.

The House Local Government Committee has scheduled a hearing for House Bill 955 on May 26 and the Senate Local Government Committee is expected to hold a hearing on Senate Bill 252 in the near future. In addition to the normal opposition from the PA News Media Association, the chairs of the House and Senate Local Government Committees are hesitant to move these bills forward, citing concerns about transparency and access. They are concerned that providing local governments with multiple outlets will make finding the advertisements more difficult, resulting in less transparency to the public. There is also apprehension regarding the lack of broadband and internet access in many communities.

We need your help to address and ease these concerns by reaching out to your General Assembly members. These bills would not decrease transparency because municipalities are required to adopt a resolution declaring intent to use one or more advertising methods, and then to publish notice of that intent in a public newspaper. Additionally, this is an optional tool allowing each governing body to choose the medium or media that reaches the most people in their community, whether that be print, electronic or both.

Please take action and [contact](#) your State Representative and Senator requesting that they support these bills.

Volunteer Needed for PEMA 911 Advisory Board

The League is looking for a municipal official (elected or appointed) to serve on [PEMA's 911 Advisory Board](#) representing our membership. Meetings are currently virtual, but are typically quarterly in Harrisburg at the PEMA headquarters. Volunteers should be knowledgeable about 911 policies, operations and technologies. Nominations to this Board are appointed by the Governor. Please contact Amy Sturges at asturges@pml.org if you are interested or have questions. The League will submit nominations on a first come, first nominated basis.

League Survey Supporting Legislative Advocacy

The League is tracking bills and proactively advocating on behalf of our members to strengthen and empower local government.

To that end, last week we sent a member survey to the senior elected and top appointed official in each member municipality to collect relevant data and information to use in our advocacy and communications with the General Assembly and Congress. Member municipalities can support our advocacy efforts by completing the survey by May 21, 2021.

Please reach out to kerrickson@pml.org if you have any questions or need the survey link.
