Policy Resolutions Shape The League's Legislative Agenda

As a member-driven organization, it is important The League hears from you to accurately represent your municipality's needs with the General Assembly. Each spring, League members receive the opportunity to submit policy suggestions through resolutions, shaping The League's policy agenda. Resolutions adopted at the district level will go to the Annual Municipal Leadership Summit for consideration by the Resolutions Committee and full League membership. This is a very important process because it sets the future policy priorities and positions of The League.

Please submit your policy resolutions to [Kaitlin Errickson](#), Governmental Affairs Representative, by May 10 for consideration by your district during the May 17 virtual district meeting.

Message from [PennPRIME](#) – We are very excited to have Elizabeth Henry returning to The League in a new role at a very familiar place! As Trusts Member Services Manager she is off and running due to her

familiarity with the PennPRIME Insurance Trust, in addition, we are excited to share that the U-COMP Trust has been added to her portfolio. "Sometimes you realize after a change what you enjoy ... I really do enjoy working with municipal entities. It is great to be back with The League," said Elizabeth.

Message from League Business Leader Network Member: [Government Finance Solutions \(GFS\)](#)- Audit preparation time and new standards add to the workload of fiscal staff already stretched thin, requiring more bandwidth to compile documentation and constantly interact with auditors. GFS supplements fiscal staff and provides municipalities with support to prepare for the audit, instill public confidence in the audit, and demonstrate sound budgetary and finance management by elected officials and appointed staff. With the tools, resources, and personnel to reduce the audit preparation burden, GFS helps municipalities remain compliant, lessen the chance of audit reconciliation findings, and reduce audit fees.
