

Find Your Community's Opportunity in the Bipartisan Infrastructure Law

Brittney Kohler, Legislative Director for Transportation, Federal Advocacy

Carolyn Berndt, Legislative Director for Sustainability, Federal Advocacy

- President Biden signed the Infrastructure Investment and Jobs Act (IIJA), commonly known as the **Bipartisan Infrastructure Law (BIL)**, on November 15, 2021.
- BIL includes **\$1.2 trillion for America's infrastructure** - including \$550 billion in new funding.
- This BIL marks **historic access for local governments** to federal infrastructure programs – such as 30% of federal transportation dollars.

Partnership

The federal government cannot build a better America alone – it needs **local, regional, and state leadership** to act as coordinators and apply for transformative infrastructure funding that your city can access directly and through partnership.

What's In the Bipartisan Infrastructure Law (BIL)

Improves Water Systems

Investments in Passenger Rail

High-Speed Internet Access

Network of EV Chargers

Better Roads and Bridges

Upgrade Power Infrastructure

Investments in Public Transit

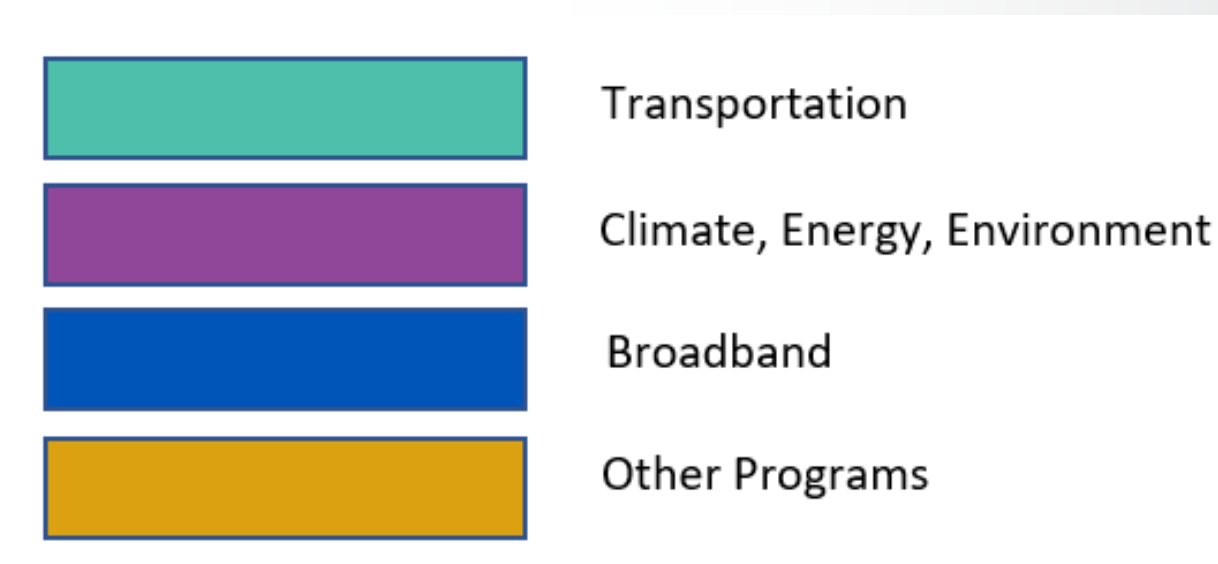

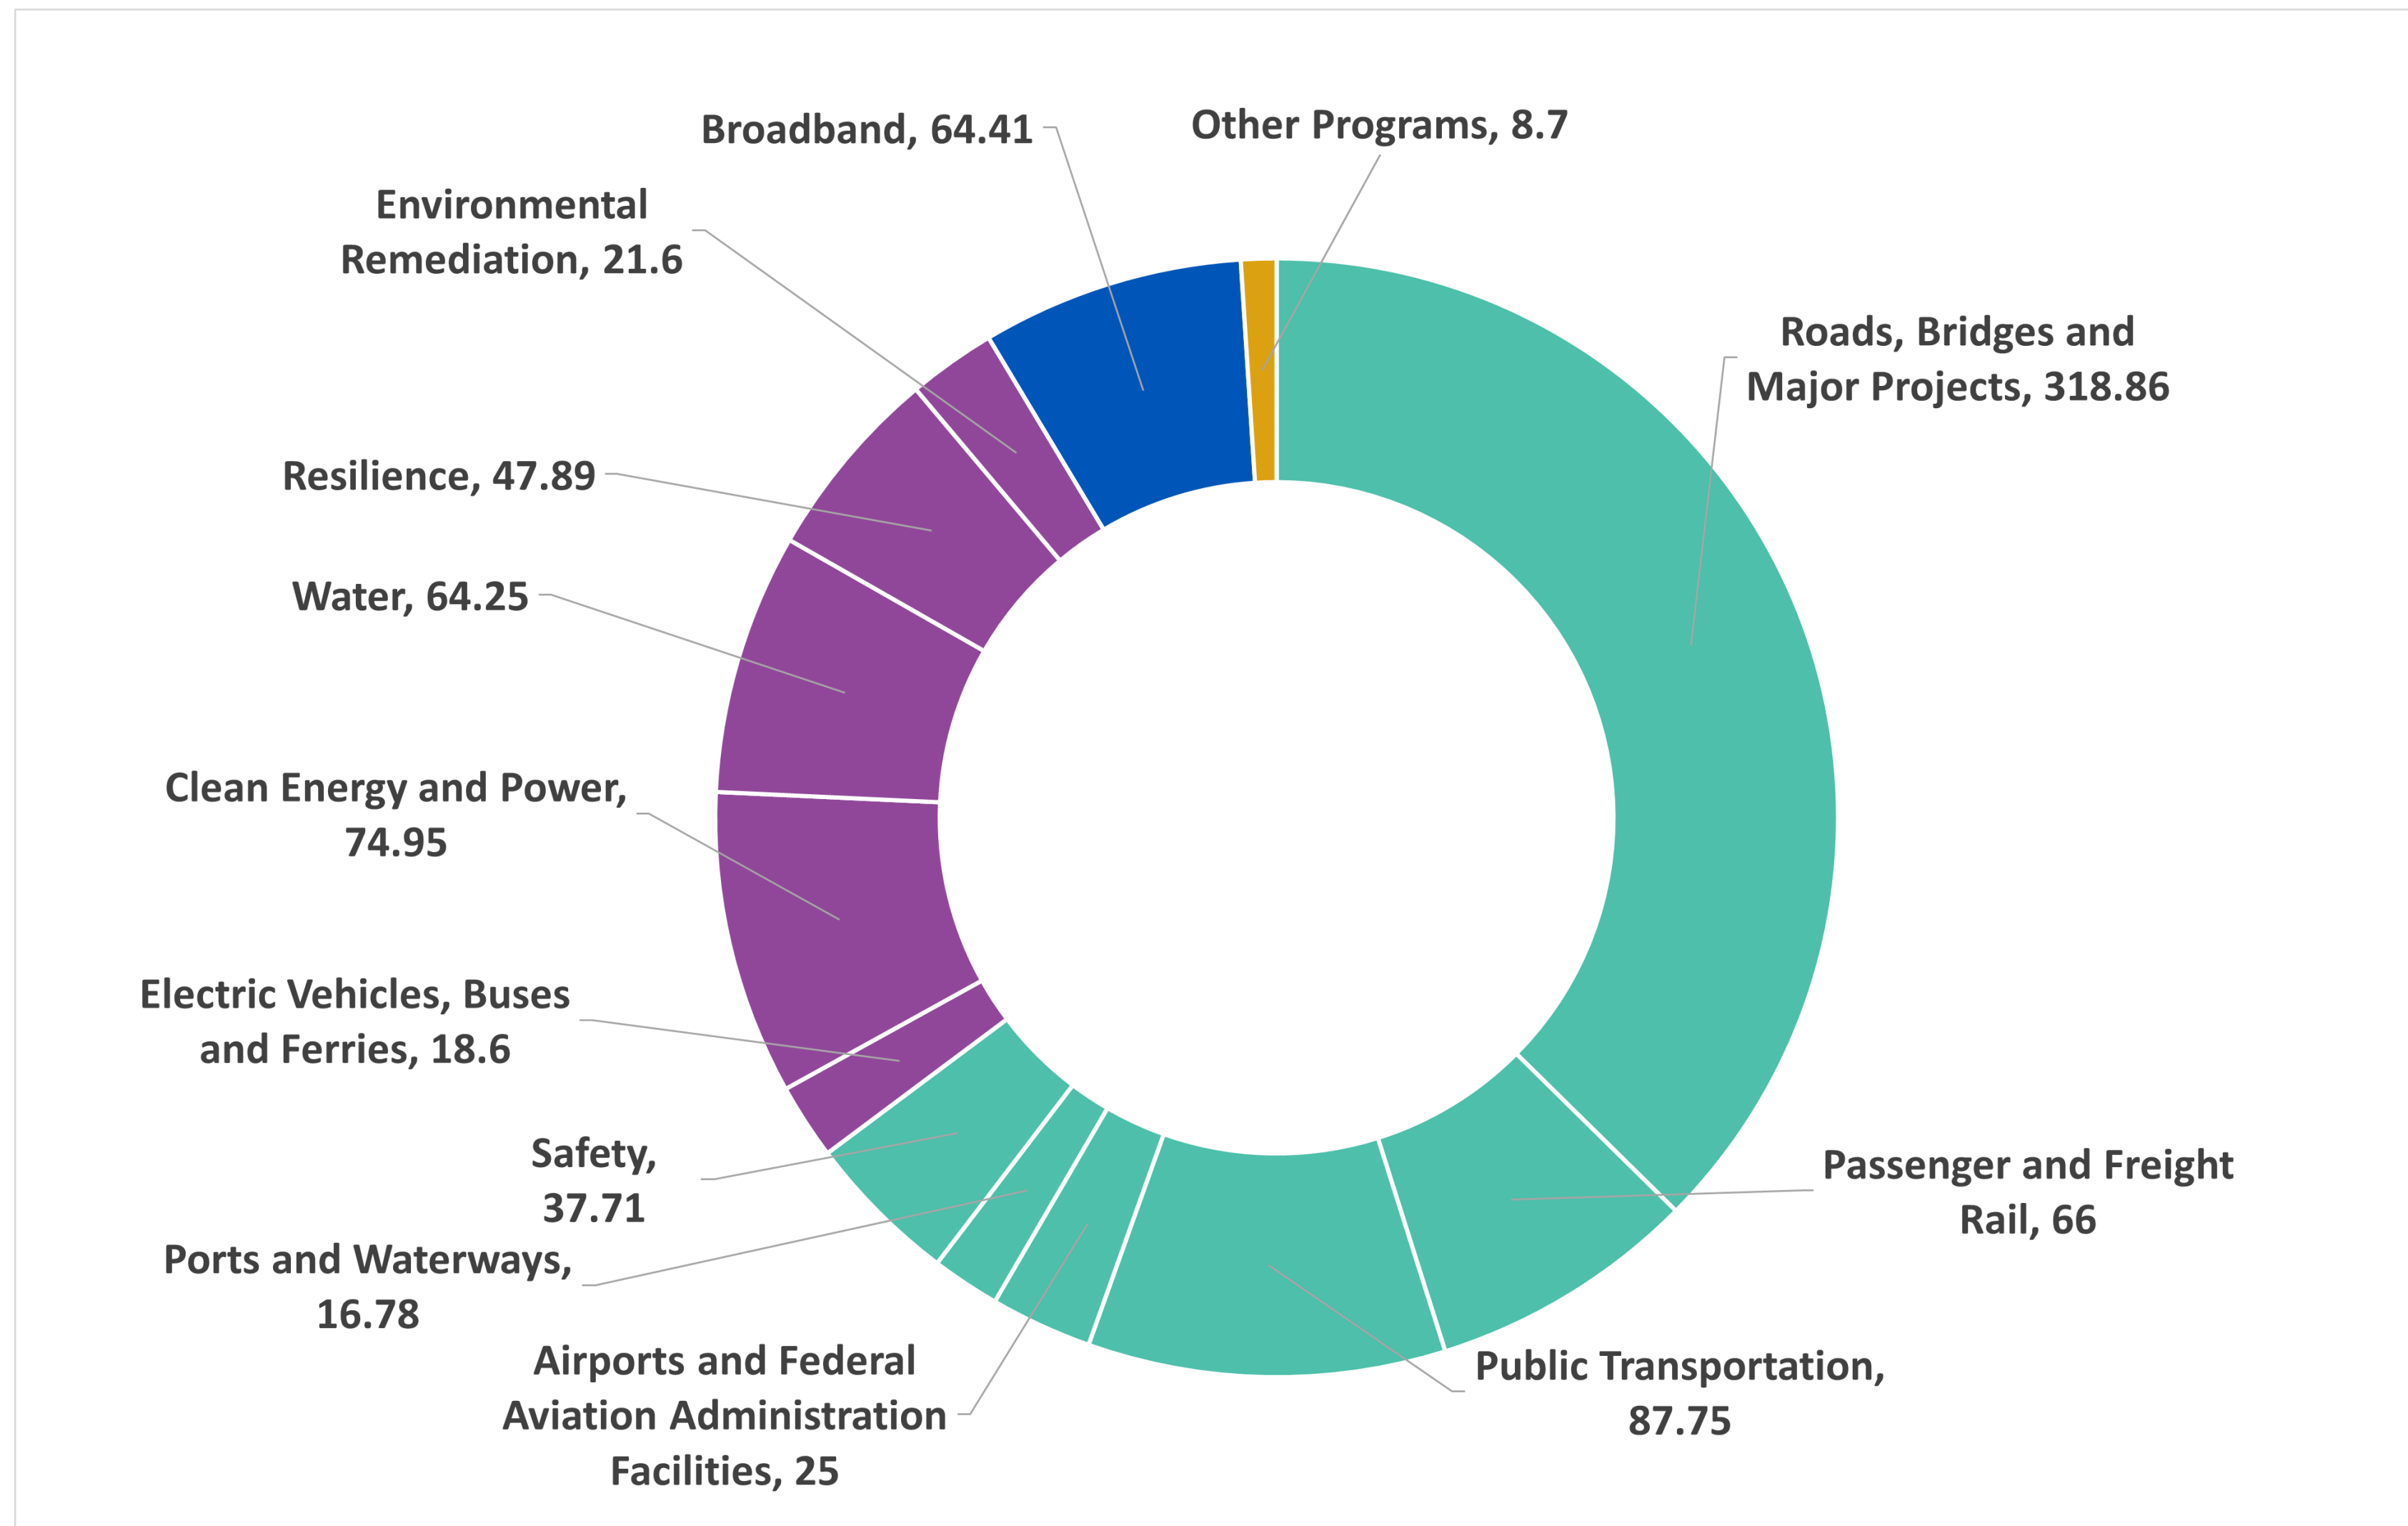

Resilient Infrastructure

Upgrade Airports and Ports

Investments in Environment

Local Access to Competitive Funding

- NEW: Safe Streets and Roads for All: \$6 billion for local safety planning and programs
- Increases funding for the popular RAISE program to \$7.5 billion (\$1.5 billion per year) and the INFRA program to \$8 billion (\$1.6 billion per year)
- NEW: Rural Surface Transportation Grant - \$2 billion
- NEW: Culvert removal, replacement and restoration - \$1 billion

Transit (\$106.9B)

- \$23 billion for the Capital Investment Grants program
- \$5.25 billion for the Low-No Emissions vehicle program

Rail (\$66B)

- Increases the Consolidated Rail Infrastructure and Safety Improvements (CRISI) grant program to \$5 billion (\$1 billion/year)
- \$250 million Restoration and Enhancement Grants

Highways/Bridges (\$351B)

- NEW \$16 billion bridge grant program
- NEW: Rural Surface Transportation Grant Program: \$2 billion
- NEW: \$350 million for a Wildlife Crossings Pilot Program
- NEW: \$500 million for Healthy Streets Program, grants to deploy cool/porous pavements and expand tree cover
- NEW: \$7.5 billion for EV Charging Stations with a \$5B in formula funding and \$2.5B in EV grant program to support 500,00 strong EV Charging Station Network
- NEW: \$1 billion for the Active Transportation Infrastructure Investment Program

Aviation

- NEW: \$5 billion Airport Terminal Modernization Program
- \$15 billion for the Airport Improvement Program (AIP)

Water and Resilience Programs in the Bipartisan Infrastructure Law

- \$11.713 billion over five years for the Clean Water State Revolving Loan Fund (traditional)
 - 49% principal forgiveness/grants
- \$11.713 billion over five years for the Drinking Water State Revolving Loan Fund (traditional)
 - 49% principal forgiveness/grants
- \$15 billion over five years for lead pipe replacement projects through the Drinking Water State Revolving Loan Fund
 - 49% principal forgiveness/grants
- \$10 billion over five years for grants to address emerging contaminants and PFAS drinking water contamination
 - \$1 billion through the Clean Water State Revolving Loan Fund
 - \$4 billion through the Drinking Water State Revolving Loan Fund
 - \$5 billion for underserved communities

- **Strengthening Infrastructure Against Extreme Weather Events**
 - \$500 million for grants and loans to local communities facing rising water levels, coastal erosion and flooding (STORM Act)
 - \$3.5 billion for the FEMA Flood Mitigation Assistance program
 - \$1 billion for the FEMA Building Resilient Infrastructure and Communities (BRIC) Program
- **Reducing Greenhouse Gas Emissions from Transportation**
 - \$5 billion for states for a National Electric Vehicle Formula Program for charging infrastructure network buildout
 - \$2.5 billion for competitive grants for EV charging and fueling infrastructure
 - \$5 billion for the replacement of existing school buses with zero emission and clean school buses
- **Investing in Clean Energy**
 - \$550 million for the Energy Efficiency and Conservation Block Grant
 - \$225 million for grants for implementing updated building energy codes
 - \$3.5 billion for the Weatherization Assistance Program

- **Brownfields Revitalization** –\$1.5 billion over five years to scale-up community-led brownfields revitalization. These funds will help local leaders assess, clean up and put back into productive reuse blighted and polluted sites in communities, thereby spurring job creation and economic redevelopment.
 - First round Multi-purpose grants, Cleanup grants, Assessment grants due Nov. 2022
- **Solid Waste Infrastructure for Recycling Grants** –\$275 million over five years for improving local waste management systems. This is a new grant program focused on funding innovative approaches to solid waste management.
 - Listening session for local leaders – May 18, 3-4:30 pm eastern. [Register here.](#)
 - Grant guidance expected Sept. 2022
- **Reduce, Reuse, Recycle Education and Outreach Grant Program** – \$75 million over five years to decrease contamination in the recycling stream. This is a new grant program focused on recycling education and outreach.
 - Listening session for local leaders – May 18, 3-4:30 pm eastern. [Register here.](#)
 - Grant guidance expected Sept. 2022

Begin your infrastructure journey....

- Which programs are right for my community?
- What is the timeline and cadence of the programs/grants we are seeking?
- Who do I need or want to partner with to apply or make my case?
- How does the infrastructure investment strengthen equity, and how can that be measured?
- Are local government staff prepared for the federal procurement process or do they need training?

FACT SHEET:
Competitive Infrastructure Funding Opportunities for Local Governments

The Bipartisan Infrastructure Law includes billions of dollars in competitive funding available to cities, towns, and municipalities across dozens of new and existing programs. As local governments begin to rebuild and reinvest in their communities, the Biden-Harris Administration stands ready to support local leaders as they combine funding streams, organize around their priorities, and build local support for long overdue infrastructure projects.

At the U.S. Conference of Mayors Winter Meeting, White House Infrastructure Implementation Coordinator and former New Orleans Mayor Mitch Landrieu will highlight 25 already available or soon-to-be-available sources of funding that local governments – particularly cities – can compete or apply for directly. Listed below is the latest available information on these key programs, including links to agency websites, application timing, and descriptions. Highlighted programs were selected based on their size and cross-cutting objectives. Using these available sources of funds, cities can begin

The [Local Infrastructure Hub](#) is a national program to ensure that all cities and towns can access federal infrastructure funding to drive local recovery, improve communities, and deliver results for residents.

The Local Infrastructure Hub brings together leading policy and innovation experts into a program that includes information, resources, and technical assistance to help cities and towns of all sizes and from all regions to access this once-in-a-lifetime funding opportunity.

This is a program by the National League of Cities, Results for America, and United States Conference of Mayors.

The Local Infrastructure Hub launches July 1, 2022. Sign up here to receive updates on programs and support.
