A Professional Corporation

Independent Auditor's Report

Board of Directors Pennsylvania Municipal League Harrisburg, Pennsylvania

Qualified Opinion

We have audited the accompanying financial statements of Pennsylvania Municipal League (the League), which comprise the statements of financial position as of December 31, 2022 and 2021 and the related statements of activities, functional expenses and cash flows for the years then ended and the related notes to the financial statements.

In our opinion, except for the effects of the matter discussed in the Basis for Qualified Opinion paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of Pennsylvania Municipal League as of December 31, 2022 and 2021 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Qualified Opinion

As more fully discussed in Note 6 of the financial statements, the League has not determined the cost of its defined benefit pension plan in accordance with accounting principles generally accepted in the United States of America, which require the cost of employees' pensions to be recognized over the employees' respective service periods and a net pension asset or liability to be recognized based on the projected benefit obligation and the fair value of plan assets. Quantification of the effects of that departure on the financial statements is not practicable.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the League's ability to continue as a going concern for one year after the date the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

Brown Schultz Steidan: Fritz

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the League's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the League's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Nature of activities and summary of significant accounting policies:

Nature of activities:

The Pennsylvania Municipal League (the League) is a voluntary professional membership organization of local governments within the Commonwealth of Pennsylvania. The League provides services to its members to improve the delivery of governmental programs through education, group initiatives and legislative efforts.

Basis of accounting:

The League reports income and expenses on the accrual method of accounting. Under this method, revenues are recognized when earned, rather than when received, and expenses are recognized when incurred, rather than when the obligation is paid.

Financial statement presentation:

Financial statement presentation follows the requirements of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, *Financial Statements of Not-for-Profit Organizations*. Under FASB ASC 958, the League is required to report information regarding its financial position and activities in up to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. This requirement is dependent upon the existence and/or nature of any donor restrictions. All donor-restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or the purpose of the restriction is accomplished), the net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported on the statement of activities as net assets released from restrictions.

Accounts receivable:

Accounts receivable are stated at the amount that management expects to collect from balances outstanding at year end. The receivables are monitored by League management and are written off or adjusted down when an account is deemed uncollectible.

Property and equipment:

Property and equipment are carried at cost. All acquisitions that exceed \$2,500, or improvements that significantly add to productive capacity or useful life of an asset, are capitalized. Depreciation is computed using the straight-line method. Construction in process consisted of costs related to the construction and implementation of the League's new accounting system, which is now complete.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2022 AND 2021

Nature of activities and summary of significant accounting policies (continued):

Deferred revenue:

Deferred revenue represents membership dues and registrations for the upcoming year received in advance.

Compensated leave:

Compensated leave is accrued as it vests to the employees. The League combines vacation benefits and sick leave into a comprehensive paid time off (PTO) program that can be used for any type of time off from work. The League allows employees to accumulate anywhere from 26 to 76 days of total PTO depending on employee longevity. Upon separation from the League, employees will be compensated at their current rate of pay for 50% of all unused PTO.

Revenue recognition:

The League generates revenue through exchange transactions that include the collection of membership dues, registrations and sponsorships for conferences and conventions, service and administrative fees and grant reimbursement contracts.

Membership dues:

Membership dues are collected from members and cover a calendar year from January 1 to December 31. Membership benefits include access to specialized training and education services and events, compliance and advocacy services and networking opportunities. Membership dues are recognized as revenue on January 1 in the calendar year they apply to. Any membership dues received prior to the start of the membership year are deferred until the membership year begins, at which point the dues are recognized in full.

Registrations and sponsorships for conferences and conventions:

The League holds various conferences throughout the year and collects registration fees from registered attendees. The contract, performance obligations and price are established when the fees are collected. Sponsorships are also offered and often include admission to the event for a certain number of people and acknowledgement in either printed, digital or verbal format at the event. When the event is conducted, the League has fulfilled its performance obligation to the attendees and sponsors, and revenue is recognized.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Nature of activities and summary of significant accounting policies (continued):

Revenue recognition:

Service and administration fees:

The League collects management and administration fees from various parties for loss control, marketing services and other services that are provided. Revenues are recognized as expenses are incurred for the program.

Grant reimbursement contracts:

The League collects grant contract reimbursement fees from the Pennsylvania Department of Community and Economic Development (DCED) to provide training on various topics to both members and non-members. Revenues are recognized as the required tasks are performed and expenses are incurred for the contract.

Functional classification of expenses:

Management's calculation of functional expense percentages is based upon time entered by employees into timekeeping software. Costs directly related to a program or supporting service are charged directly to that program or supporting service.

Program expenses:

Program expenses shown in the League's statements of activities relate to the following operational programs:

<u>Annual Summit and Workshops:</u> These expenses relate to the League's annual summit for members and training workshops held periodically throughout the year.

<u>Trust Programs:</u> These expenses relate to the administrative expenses for the League's insurance programs: PennPRIME Pooled Insurance Risk for Municipal Entities (PPT), PennPRIME Workers' Compensation (PPWCT) and Unemployment Compensation Group Trust (U-Comp).

<u>Group Programs:</u> These expenses relate to the costs associated with providing benefits to members for various subscription programs including: Municipal Utility Alliance (MUA), Pennsylvania Utility and Telecom Consulting Service (PUTCS), Home Rule (Advocacy Network), Local Piggyback Purchasing Program (L3P), Public Employer Labor Relations Advisory Service (PELRAS) and Business Leaders Network (BLN).

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Nature of activities and summary of significant accounting policies (continued):

Program expenses:

<u>Legislative Services and Research:</u> These expenses relate to the lobbying and government research efforts carried on for members' benefit.

<u>Secretariat:</u> These expenses are secretariat and financial services provided through contracts to various governmental organizations including: Pennsylvania State Association of Township Commissioners (PSATC) and Association for Pennsylvania Municipal Management (APMM).

<u>Communications:</u> These expenses relate to newsletters and magazine production to disseminate current information to members.

<u>Contracted Training:</u> These expenses relate to the League's training contracts with the DCED through which the League provides training on various topics to both members and non-members.

Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Leases:

The League's policy is to combine and account for lease and nonlease components as a single lease component for leases of real estate, vehicles and equipment. The discount rates related to the League's lease liabilities for leases of equipment are generally based on a risk-free rate when the discount rates implicit in the League's leases cannot be readily determined. The League has elected the short-term lease exceptions to not recognize leases with a lease term of 12 months or less on the balance sheets.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2022 AND 2021

| | | |
| | \$ 1,211,726 | \$ 934,248 |

The funds held by Wells Fargo Bank are insured by the FDIC up to \$250,000 and at times, the balance of the League's account may exceed the federally insured limit. The League's cash balance exceeded the FDIC limit by \$921,586 at December 31, 2022. The money market funds held with Pennsylvania Local Government Investment Trust (PLGIT) are subject to the investment policies of PLGIT, which confine investments to those backed by the full faith and credit of the United States government, its agencies and instrumentalities.

4. Paycheck Protection Program loan:

The Paycheck Protection Program (PPP) was established under the CARES Act on March 27, 2020 and was designed to provide cash flow assistance to small businesses, including certain not-for-profit organizations. The program provides relief as a result of the COVID-19 pandemic with loan funds to pay up to 24 weeks of payroll costs, including fringe benefits, rent and utilities commencing on the date of the loan origination. The PPP is a loan program that is guarantees in its entirety through the Small Business Administration (SBA) and offers a maturity of two years and an interest rate of 1%. The principal amount of the loan may be partially or fully forgiven if the loan funds are utilized in a manner consistent with the allowable use of loan proceeds.

The League applied for and received loan proceeds totaling \$464,041 in May 2020. On July 7, 2021, the League received notice that the PPP loan from May 2020 was forgiven, resulting in a gain from forgiveness of \$464,041 for the year ended December 31, 2021.

The League's pension plan is a single-employer defined benefit pension plan controlled by the provisions of Resolution No.1-2006 adopted pursuant to Act 15 of 1974. The plan participates in the Pennsylvania Municipal Retirement System (PMRS), which is an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating municipal pension plans. The plan provides retirement, disability and death benefits to plan members and their beneficiaries. Cost of living allowances are provided at the discretion of the plan.

PMRS reports pension information following standards established by the Governmental Accounting Standards Board (GASB), which are not applicable to the League. The information provided by PMRS does not contain the information necessary to calculate a net pension asset or net pension liability as required by GAAP; therefore, no net pension asset or net pension liability has been recorded or presented in the statements of financial position.

Annual contributions are based on the plan's minimum municipal obligation (MMO) as determined in accordance with Act 205 and which are based upon biennial actuarial valuations.

In accordance with the plan's governing ordinance and resolution, as applicable, the League is required to contribute 4.50% of compensation to the plan. Contributions made to the plan for 2022 and 2021 totaled \$260,785 and \$251,754, respectively.
