WHAT SETS US APART

PENNSYLVANIA EXPERIENCE

All of our policy and accreditation specialists have vast experience as law enforcement professionals within the Commonwealth. We know what agencies in PA need.

TIME

We provide you with the greatest resource, time. Our team reduces the amount of time your officers need to commit to accreditation, putting them back where they are needed, serving your community. **Achieve accreditation in 12-18 months.**

PROJECT MANAGEMENT

Policy manual development and accreditation require just as much management as development. We utilize online tools to ensure your project is on schedule and completed.

COLLABORATION

We take the time to understand your agency to ensure the final product is what you need, not what someone thinks you need.

ON-SITE WHEN YOU NEED US

Phone calls, emails, and video calls only go so far. Trust the team that shows up to meet you and is actually present when you need us.

CLIENT

TESTIMONIAL

Accreditation was always a priority for the Radnor Police Department, but achieving it was difficult due to the commitment to staff a full-time position. Aspirant enabled our department to achieve accreditation with a much smaller time commitment on our staff and immediate success with our team to buy into the changes, updates, and procedures created. From policy development, phone calls through to the on-site assessment, I found them to be consummate professionals in what is, by necessity, a highly collaborative endeavor. I could not be any more satisfied with the quality of their work and their integrity to the law enforcement profession and of course, the project's final results.
